6.	From 21 November 1952 through 22 January 1953, the Brueckenkop still quartered 400 to 500 air force personnel. There was heavy between the barracks installation and the air force headquarter Strasse. No training activities were observed between 21 November 13 December. Close order drill and field training were repeated from 20 December through 22 January. Two biplanes and two sing high-wing monoplanes were seen at the auxiliary airfield. The perved flew only seldom.	traffic rs on Stern ber and dly observed le-engine	
7.	Frior to 18 December, the AAA emplacements on the two sides of installation on the Elbe River were unoccupied. On 5 January, a served for the first time a new AAA emplacement of 4 x 76-mm gracuthern bank of the Elbe River, about 800 meters west of the Eleipzig highway. On the same day, trucks on the yard of the Brueckenkopf Kaserne. From 8 through the AAA emplacement on the southern bank of the Elbe River combe occupied. Up to 30 men were seen engaged in aiming practices emplacement.	source cb- uns on the littenberg- 22 January, tinued to at the	25X1 X1B
